THURGOOD MARSHALL COLLEGE CLASS OF 2022

COMMENCEMENT EXERCISES

JUNE 12, 2022

Over the last four years, I have grown to love every stage of our college's evolution and the radical student efforts that fought to make Marshall College one of the biggest hubs of social justice and equity on campus. Even in the face of obstruction, Marshall and its community continues to demonstrate resistance to injustice and tries to make space for the original demands for our college. I thank Marshall for giving me and my peers the space to empower ourselves through political education and for modeling what it looks like to uplift marginalized communities. Marshall has taught me how to channel my love into action, to be confident in my critiques and voice, and to channel both into action. I leave Marshall College with a commitment to use my degree in a way that honors my college's "Scholar and Citizen" motto by continuing to serve my communities and working towards the liberation of all people.

—Katherine Duran '22

History and Philosophy of Marshall College

In 1970, Third College was founded in response to a student movement, to provide a broad liberal arts education to students of all majors, while also helping them to develop as Scholars and Citizens, so that they will excel both academically and as engaged members of their community. The college has been central to the establishment of the university's academic programs in Urban Studies and Planning, Education Studies, Communication, Third World Studies, Ethnic Studies, Public Service, African American Studies, and Film Studies.

In 1993, Third College was named Thurgood Marshall College in honor of a man whose life's work and philosophy embodied the college's ideals. Thurgood Marshall became a lawyer and, when he became the director of the NAACP Legal Defense and Educational Fund, masterminded the strategy that ended legalized racial segregation in the United States. Marshall was appointed to the United States Court of Appeals by President Kennedy, then to the Office of US Solicitor General, and finally to the United States Supreme Court by President Johnson. As an associate justice of the Supreme Court, Marshall left a legacy of tireless commitment to the powerless and the voiceless.

Thurgood Marshall College has been committed to the education of people who traditionally have been underrepresented on college campuses. UC San Diego recognizes that diversity in the student population enhances everyone's intellectual experience. The college logo of three hands interlocking was selected in 1974 to symbolize the unity and diversity of our college population and the wider community. Introduced in 1991, the required freshman course Dimensions of Culture: Diversity, Justice, and Imagination has helped students understand the variety of experiences that people have had in the United States. Thurgood Marshall College aims to expand students' intellectual horizons and to prepare them to be leaders and engaged participants in society—as scholars and as citizens.

MarStole Tradition

Thurgood Marshall said, "None of us got where we are solely by pulling ourselves up by our bootstraps." The Marshall Stole of Gratitude, or MarStole, is a Marshall College tradition that celebrates those individuals who have supported students in their journey and achievement. Students wear the stole as they cross the commencement stage and can give it to their special supporter. MarStoles are red satin sashes embroidered in white with the Marshall College logo of three joined hands, which represents the spirit of community.

Faculty and Student Recessional

The Class of 2022 requests that families and guests remain seated until the faculty and graduates have recessed.

CONGRATULATIONS CLASS OF 2022!

Candidates for the Degree of Bachelor of Arts and Bachelor of Science

**Invited to join Phi Beta Kappa*
+Denotes Latin Honors for 2021–22. Candidates for Latin Honors for 2021–22 will be determined by graded units and grade point average at the time of filing. Final honors will be awarded on the basis of all completed courses and grades.

Final degree will be awarded on the basis of all completed course work and requirements. This program does not serve as a document of record or as proof of graduation.
